## RE: Cedar Road Closure

Dear Resident of Cedar Crescent,

Please note the North East Section of Cedar Crescent will be closed (the diagonal lines/Surface Parcel #202770222). See the drawing attached.

The **ONLY** section being closed is Surface Parcel #202770222. In order for Town Council to create a “rounded corner” on Cedar Crescent to mirror the North West Corner (the lot with the number 34 or parcel #102117282 in it), Council must close this section of Cedar Crescent. Once the development is complete, the section of the road will be “re-opened.” However, the small piece of road that will change the North East corner from a 90 degree angle to a rounded edge will be consolidated into Parcel J. For the lots being developed in Parcel J/Plan 3604 in the North West corner, the little piece will become part of those lots. This “road closure” is strictly for the Cedar lot development and to ensure the “rounded edge” mirrors the North West corner of Cedar Crescent.

If you regularly drive on this section of Cedar Crescent, you may continue to do so until the new development is complete (end of 2021 tentatively).

If you have any questions, please do not hesitate to contact the Town Office at (306) 896-2240.

Sincerely,

Renea Paridaen  
Administrator
